The report that a large passenger bus had been wrecked brought out an array of police, firemen, ambulances, and rescue equipment. The fact was that a Ford coupe had driven over a bridge and its sole occupant was uninjured.

—AND SOME HUMOR—
"Jack is so serious-minded. Always tells me I ought to be putting something away for a rainy day."

"Well, aren't you saving his letters?"

COMMENTS ON LIFE—
We always love those who admire us, and we do not always love those whom we admire.—La Rochefoucauld.

Adversity is sometimes hard upon a man; but for one man who has had that and prospered, there are a hundred that will stand adversity.—Candide.

—AND SOME VERSE—
Twelve Good Men and True
Lord, God in Heaven, attend;
We are here to judge a man.
Be Thou in this tragic hour his friend,
None on a jury can.

Thou in the light, we judge the dark.
When the scales of justice tilt,
How shall we find the outward mark
Of innocence or guilt?

Lord, God, we are gathered here
To analyze a crime.
What if we blunder through rage
Or fear?

Or lack of sufficient time?
How can we tell what label's best
To put to a prisoner's name?
How may we know in the safe same
Test?

We wouldn't have done the same?
Thou who art merciful and just,
We who are passion-swayed,
How shall we judge a man (since
We must)?

Like to our image made?

PROVIDENCE RD.
IMPROVEMENT
IS REQUESTED

Its Recognition As a
County Highway
Sought

LINK TO NO. 63 IS ASKED

Area of 45 Miles Would
Be Affected by
Project

A committee of ten Columbia and Boone County men, formed to promote the recognition of the old Providence Road running south of Columbia to Providence on the Missouri River as a part of the Boone County highway system, and to have it designated as a "farm to market" road by the State Highway Commission, presented four petitions to the County Highway Commission yesterday afternoon.

Members of the committee are: Chairman, E. W. Stephens; vice-chairman, C. B. Rollins; secretary, James C. Longstreet; Mayor W. J. Hetzler; E. M. Watson, Tom Allton, George L. Williamson, Grover C. Via, H. C. Thomas, and T. E. Atkins.

The Providence Road "farm to market" project relates to the Providence Road which is gravely some eight miles south and west of Columbia to a point where the road forks. One stretch of two miles leads straight ahead to Providence. The other, a stretch of three miles, leads to the Missouri River with less than a 10 per cent grade all the way.

Over two hundred Columbia and Boone County people have signed this petition. The project affects several community centers south and west of Columbia in an area of approximately forty-five square miles. It contemplates about eight miles of new road, offering in return a north, south, east, and west outlet with Providence Road serving as the main artery or trunk highway.

Population Is Heavy
This territory is already populated with about thirteen hundred inhabitants, including the community centers of McBaine, Providence, Easley, and Pierpont. Land values are above the average in assessed valuation for this part of the state.

A second petition filed with the County Highway Commission yesterday follows: "We, the undersigned citizens living east and south of McBaine respectfully petition your honorable body that the stretch of road via the Warren School connecting McBaine with the Providence Road, less than a farm-to-market road under the state and county highway system."

This petition was signed by the following men: Tom R. Douglass, W. T. Crane, G. C. Via, C. E. Wilson, I. C. Sappington, John McMahon, Joe Johnson, W. W. Calvert, L. E. Calvert, John T. Acton, George W. Acton, and O. C. Samuel.

Another petition: "We, the undersigned resident citizens in the neighborhood of and below Easley, do hereby petition your honorable body to have a farm-to-market road, in laying out and designating a farm-to-market road from Easley in the direction of Columbia and other centers. This community extends from Easley down and along the Missouri River nearly to Wilton. We petition your body to consider the extension of the present Providence Road to Easley. At present, and for years past, this Providence Road has been our main outlet to Columbia because of very little grade and its accessible outlets."

Twenty-Two Signers
Twenty-two men signed this petition. They are: H. A. Rippetto, W. R. Nicholas, G. W. Bainbridge, R. L. Vandiver, U. G. Thomas, Riley Perkins, H. B. Easley, W. C. Calvin, Bale Easley, C. Reutick, G. L. Reno, J. M. Vandiver, W. C. Perkins, John E. Eddy, E. Sapp, W. A. Perkins, P. F. Perkins, L. O. Nichols, C. A. Lee, Herbert Nicholas, Willie Perkins, and T. W. Wilcox.

A fourth petition filed by the committee reads: "We, the undersigned, respectfully petition your honorable body to have the road running west from State Highway 63 via Pierpont to the Providence Road be made a farm-to-market road under the county and state highway system."

Those signing this petition are: J. W. Samuel, E. L. Crane, F. R. Samson, E. L. Crane, Arch Crane, J. E. Crane, Catherine E. Atkins, Joe Martin, Robert E. Crane, Everett N. Crane, Wood Acton, W. C. Crosswhite, John A. Turner, J. B. Gilbert, T. E. Atkins, Dave Tenson, and O. C. Samuel.

Exhibits Presented
Six exhibits were also presented to the members of the Boone County Highway Commission for their consideration. Exhibit "A" consisted of a map showing a comprehensive farm-to-market system, including the above petition, and the southwest section of Boone County that would be aided by the completion of this project.

The exhibit also pointed out that in this area, at Easley, is located the only deep water landing not used and maintained by the United States government in Boone County. With the revival of river traffic within the next one or two years under the supervision of the federal government Columbia and adjacent territory would be given the advantage of ocean-borne commerce.

The other exhibits consisted of newspaper articles and editorials urging the Providence Road project. The Boone County Historical Society also formally endorsed the project at its last meeting, April 9, 1933.

The Weather

For Columbia and vicinity: Showers and local thunderstorms tonight and Sunday morning, probably mostly fair Sunday afternoon; slightly cooler tonight.

For Missouri: Probably showers and local thunderstorms tonight and Sunday except mostly fair Sunday southwest portion; slightly cooler tonight east-central portion and southwest portion Sunday.

Weather conditions: During the last 24 hours showers and local thunderstorms occurred over northern Texas thence northward to Nebraska and eastward this morning as far as western Pennsylvania. The heaviest rain, one to two inches, fell over northern Missouri and northwest Illinois. Rain is more or less general in the Rocky Mountain states and on the Pacific coast. Fair skies prevailed in the Canadian border states and on the Atlantic seaboard. Temperatures have not changed much the trend being to seasonable.

Highest temperature here yesterday was 78; lowest last night, 58; precipitation, .44.

Forecast for Next Week

For the upper Mississippi and lower Missouri valleys and the northern and central great plains—probably at least two precipitation periods except mostly fair in extreme north portions; no marked departures from temperature normals likely.

MISSOURI RIVER
RISING STEADILY

Flood Warning Issued—
Water Expected to
Leave Banks

The United States Weather Bureau issued the following flood warning today:

"Heavy rains in the watersheds in the last twenty-four hours will cause the Missouri River below the mouth of the Grand to rise steadily four or five days passing bankful stages. No exact estimates of stages expected are possible today. Persons living or having movable property in the lower places between Booneville and Jefferson City should be prepared for action if necessary. Later reports will follow. There is considerable margin between water stages now and bankful stages expected."

BLUE RIBBONS FOR
HEALTHY BABIES

Awards Will Be Made
at Hartsburg Conference Monday

Dr. F. C. Suggett, county health officer, and Miss Louise Lauerma, county nurse, will conduct a baby and pre-school conference in the school house at Hartsburg, Monday from 10 to 4 o'clock. Parents may bring their young children in to have them examined.

Babies that fulfill the requirements adopted by the state child health unit will be awarded blue ribbons as tokens of perfect health. The divisions will be awarded by the State Board of Health of Missouri, an organization which has adopted as its slogan, "Every Baby a Blue Ribbon Baby Every Year."

HOUSE AND SENATE RECESS

State Police Bill to Be Considered
for Passage Tuesday

JEFFERSON CITY, April 20 (U. P.)—Both Houses of the Legislature were idle today.

The House recessed yesterday at noon after holding day and night sessions throughout the week. The House finished its formal calendar. The Senate worked until late yesterday, then recessed for the week-end. The Senate will consider appropriations measures next week.

Two Held on Tire Theft Charge
Lloyd Bradley and Roy Palmertrick pleaded guilty to a charge of stealing automobile tires and their bond was fixed at \$500 when they were arraigned before John S. Bicknell yesterday afternoon. Palmertrick was unable to give bond and was committed to jail. Bradley was turned over to the custody of Duke Mayhain of Sturgeon in order that he might give bond. The stolen goods were the property of W. G. Robinson.

Today's Baseball

National League
St. Louis at Chicago, no game.
New York at Boston, postponed, rain.

Pittsburgh 002 0
Cincinnati 000 1
Batteries: Pittsburgh, Grimes and Hargreaves; Cincinnati, Rixey and Dixon.

Brooklyn 110 0
Philadelphia 030 0
Batteries: Brooklyn, Clark and DeBerry; Philadelphia, Sweetland and Davis.

American League
Chicago at Cleveland, no game.
Philadelphia at New York, postponed, rain.

Boston 00
Washington 00
Batteries: Boston, Russell and Abelson; Washington, Jones and Tate.

American Association
Columbus 300 1
St. Paul 000 1
Batteries: St. Paul, Poli and Tena; Columbus, Fishbaugh and Shinn.

DEGNER POLLS
2054 VOTES TO
WIN FROM LEE

J. L. Reading Elected
Vice-President by
523 Majority

SECRETARY RACE CLOSE

Sue Wass Noses Out Virginia Nellis by 273 Plurality

Glenn Degner was elected president of the student body yesterday by an overwhelming majority. He received 2054 votes to 544 votes for his opponent, A. K. Lee.

J. L. Reading rode to an easy victory in the vice-presidential race by a vote of 1510 to 987 over Frank Coffey.

The closest vote was between the secretary-treasurer candidates. Sue Wass won over Virginia Nellis by 1430 to 1177.

The three councilmen-at-large elected were Charles Hughes, 2047; Milton Pochman, 1854; and Charles Frettmann, 2021. Harner Selvidge, the fourth candidate, received 1597 votes.

The votes cast on the proposed student athletic manager plan and the blanket athletic tax, were not counted last night; neither was the vote for the most popular University athlete.

In the School of Journalism two offices were left undecided. Stanley White and Charles Mansing both failed to reach a majority and Frank Divelbiss ranked first on the Board of Student Workers. Hazel Futch and Lucile Duff led for the vice-presidency. Virginia Bidevel was elected secretary-treasurer.

Another election will be held Tuesday for the Journalism students. Thirty students, members of the Student Council and of the Board of Student Workers, will meet at 2 o'clock this morning to count the election votes.

Prof. Jesse Wrench supervised the counting, which was done in the museum on the third floor of Jesse Hall.

The Politicians "Bawl" which was scheduled for the Women's Gymnasium was changed last night to the first-floor corridor of Jesse Hall. The dance started at 9 o'clock. As the returns were available, they were chalked up on blackboards at the dance.

According to Frank Knight, the propositions that counted last night will probably be counted Monday.

LIONS CLUB SETS
EGG HUNT AGAIN

If Postponed Tomorrow,
Will Be Held First
Sunny Afternoon

The Lions Club egg hunt, which has been postponed since Easter Sunday because of rain, will be held tomorrow afternoon at 2:30 o'clock at the Stephens College Country Club. The weather forecast is unsettled for tonight, probably clearing tomorrow morning. According to E. F. Carter, general chairman, if ground conditions are at all favorable the hunt will be held.

If rainy weather should again prevail tomorrow, however, the hunt will be held the first sunny afternoon at 4:15 o'clock. The starting time in the event of another postponement has been arranged so that all children will have time to get to the grounds immediately following school.

Arrangements which have been completed for the last three weeks will be carried out tomorrow, including decorations for the grounds, drinking water for the children, a bureau for lost children, and director of traffic and parking by the police department.

ROGER LYLE GIVEN 30 DAYS
Boone Co. Circuit Court Finds Negro Guilty of Selling Liquor

Roger Lyle, negro, was found guilty in the Boone County Circuit Court yesterday of selling intoxicating liquors on the night of Jan. 21, at Rocheport, and was sentenced to serve thirty days in the Boone County jail.

Leonard D. Haugh, chemist in the University, testified that the home he said to have been sold by Lyle was analyzed and contained 3.65 per cent alcohol.

Evidence against Lyle and other Rocheport negroes was obtained by R. R. Lashbrook, federal prohibition agent, and an associate, E. E. Fisher. They went into Rocheport during January, and representing themselves as contractors, promised work to about thirty negroes. The two men then made requests for liquor.

Clifton Smith, negro, was sentenced to three months on the testimony and evidence of the agents and a few minutes after Lyle's trial opened.

FURNAL WILL BE TOMORROW

Services for G. H. Champion Are to Be Held at Rocheport

The funeral of G. H. Champion, mayor of Rocheport, will be held tomorrow afternoon at the Rocheport Christian Church. The services will be conducted by the Rev. A. N. Lindsay of Clinton.

Mr. Champion is survived by his wife, two sons, Eugene, Wright, Champion of Omak, Wash., and Earl Patterson Champion of Tulsa, Okla., two sisters, Mrs. Lena White of Skiatook, Okla., and Mrs. Mattie Turner of Jefferson City; and one brother, Harvey Champion of Fayette.

Cuts Own Finger in
Lancing Boil; Nurse
Becomes a Patient

While lancing a boil for a patient Thursday morning, Miss E. C. Caudland, supervisor of the Student Health Clinic of Parker Hospital, cut her finger with the lancet. The cut, though insignificant in itself, became infected and caused her to become a patient in the hospital yesterday morning.

Her condition is reported not serious, but her hand had not appreciably improved by this morning, despite the all-night treatment with bichloride of mercury.

Miss Anne Turner is taking Mrs. Rice's place in the clinic.

HEADS STUDENT GOVT. ASSN

Dorothy Greives Elected President at C. C. Assembly

Dorothy Greives of Olathe, Kan., was elected president of the Student Government Association of Christian College, at the 1 o'clock assembly of the student body, held yesterday.

Kathryn Shortridge of Pleasant Hill was elected vice-president, and Edna Mount of Sikeston was elected secretary-treasurer of the association.

HIGHWAY BODIES
IN JOINT SESSION

County Commission Goes
to Capital Early This
Morning

At the request of the State Highway Commission, the County Highway Commission went to Jefferson City this morning for a conference with the state body. The business to be taken up at the joint meeting was unknown to county officials.

Members of the County Commission are Carl Mueller, Lawrence Bush, Ralph Brown, and Nick Schmitt. The trip to Jefferson City was made early, in order to provide time for a morning session.

A check of the petitions submitted to the County Highway Commission at its farm-to-market road hearings yesterday shows that 280 miles of improved rural roads are requested by citizens of the county. Only 100 miles can be built, as the state allotment of highway money for Boone County is sufficient for no more.

Although a large number of petitions were presented at yesterday's hearings, combinations of road projects were made which reduced the number to twenty-seven. Many of the petitions covered the same routes. County Clerk Thad Hickman said, in some cases three or four petitions were combined.

PRINCE HENRY, 66,
OF GERMANY, DIES

Ex-Kaiser's Brother Succumbs to Pneumonia
Today in Berlin

BERLIN, April 20 (U. P.)—Prince Henry, brother of the ex-kaiser, died of pneumonia here today. He was 66 years old.

It was understood that Prince Henry for some time has been afflicted with the same malady; with which his father, the late Emperor Frederick III, was stricken—cancer of the larynx.

OVERRULE MOTION
FOR CONTINUANCE

Case Was Previously
Tried in Sedalia
Justice Court

A motion on an application for continuance in the case of Maxwell Investment Company vs. W. P. Fairfax, ejectment suit, was overruled by Judge H. A. Collier in the Boone County Circuit Court this morning.

The suit was previously in a justice court in Sedalia when Judge Charles H. Haskell star, won first in six of the ten events, while Churchill took only two firsts, but points are scored on the intercollegiate records, which if equaled, give 1000 points.

In winning Churchill overcame a 500-point lead which Charles gained Friday, when he won all of the five events contested, the shot-put, broad jump, high jump, 100-meter dash, and 400-meter run. Churchill had much the better of today's events, taking firsts in the discus and pole-vault, and second in the javelin throw, high hurdles and 1500-meter run.

Charles scored only one first today, passing Churchill a few yards from the tape to win the 1500-meter run, the final event.

Indian Wins 3000-Meter
MEMORIAL STADIUM, LAWRENCE, Kan., April 20 (U. P.)—Despite the handicap of a slow track, which had been soaked by the worst rain in the history of the Kansas Relays, Sentman, University of Illinois hurdler, tied the meet record for the 120-yard high hurdles, in the fifth heat of the preliminaries here today. Sentman's time was 15 seconds, which equals the mark made by Ed Weir, Nebraska University, in 1923.

Leas, the long-legged Indiana distance runner, gave his school a victory in the first final of the relays when he took the 300-meter border, sixty-five miles southeast of here. Lige Baker, 40, bachelor, of Rocheport, was shot to death at Hartsburg, Gann, 37, a married man, probably was fatally injured.

The cause of the fight is not known at Alton, county seat of Oregon County, but is being investigated. Officers at Alton anticipate further trouble as a result of the slaying of Baker.

OREGON COUNTY MAN SHOT

Lige Baker, Bardley, Mo., Killed and Harrison Gann Hurt in Fight

WEST PLAINS, April 20 (U. P.)—In a fight last night at Bardley, on the Oregon and Ripley county border, sixty-five miles southeast of here, Lige Baker, 40, bachelor, of Rocheport, was shot to death at Hartsburg, Gann, 37, a married man, probably was fatally injured.

The cause of the fight is not known at Alton, county seat of Oregon County, but is being investigated. Officers at Alton anticipate further trouble as a result of the slaying of Baker.

ETHERIDGE IS
IN FAVOR OF
GARBAGE PLAN

Councilman Believes
Problem Needs
Attention

MAY REOPEN QUESTION

City Could Handle Cost
Now As Well As Later,
J. W. Bernard Says

A reopening of the garbage question could easily be brought about in the near future by public discussion, said Councilman W. C. Etheridge, professor of field crops in the University, in an interview this morning. "I believe that a problem does exist. I am in favor of some systematic method at the meeting of the city council when the garbage issue was indefinitely postponed."

Asked his opinion of the "sanitary fill" method of garbage disposal outlined by Dean E. J. McCausland, of the College of Engineering, Councilman Etheridge stated that he believed that a more practicable solution would be in the letting of a private contract to some local hogsticker. This plan received most attention at the review of the question last month.

The approximate cost of a private contract, according to Mayor W. J. Hetzler, would be between \$6,000 and \$8,000, while the expense of maintaining a city-owned collective agency would be decidedly higher. Mayor Hetzler also believes that in case any method is adopted, the letting of a private contract is the best solution.

Councilman G. W. Bernard, who does not consider the "sanitary fill" system practicable, nevertheless intimated that it would probably be investigated at the next review of the garbage situation. He stated that while perhaps the city was not financially capable of carrying the project at present, it was probably in as substantial a condition as it will be six months from now. He intimated that if the city intended to adopt a disposal plan six months from now, it could be adopted now.

Mayor Hetzler and Councilmen Bernard and Etheridge all stated that a problem exists. The most favorable plan before their attention has been a bid on the collecting of garbage by a man who expressed his intention of working out his own system of collecting other trash and refuse throughout the city, in addition to the collection of garbage.

Councilman Etheridge stated that he was in favor of contracting with some such man after placing a bond of \$10,000 upon the carrying out of the contract.

At the council meeting in which the garbage question was discussed, three members were in favor of adopting a method immediately, while five were either opposed or noncommittal. If the question is opened, Councilman Etheridge intimated that he would vote for its favorable settlement.

CHURCHILL WINS
K. U. DECATHLON

O. U. Star Overcomes 500-
Point Lead to Defeat
Haskell Man

MEMORIAL STADIUM, LAWRENCE, Kan., April 20 (U. P.)—Tom Churchill, Oklahoma Olympic star, successfully defended his title as Kansas Relays decaathlon champion today when he defeated Wilson Charles, Haskell star, by a score of 7422-2846 to 7397-2973.

Charles, the Indian star, won firsts in six of the ten events, while Churchill took only two firsts, but points are scored on the intercollegiate records, which if equaled, give 1000 points.

In winning Churchill overcame a 500-point lead which Charles gained Friday, when he won all of the five events contested, the shot-put, broad jump, high jump, 100-meter dash, and 400-meter run. Churchill had much the better of today's events, taking firsts in the discus and pole-vault, and second in the javelin throw, high hurdles and 1500-meter run.

Charles scored only one first today, passing Churchill a few yards from the tape to win the 1500-meter run, the final event.

Twenty-two "Exiled" in Hospital

Twenty-two cases of mumps are clustered in Parker Memorial Hospital. Eleven girls and eleven men are victims of the epidemic. Sentenced to two weeks' separation from classes and their friends, they pass the time in card playing, talking, waiting for the doctors' visits, or gazing wistfully at the windows at the free people below. The sun porch of the hospital is carpeted with notes and letters, which must be thus fumigated by the sun before they can be delivered.
